

Satt Cat Bags specializes in custom bags of personal distinction. Children love personal items, and Satt Cat Bags can take care of that personalization by fabric choice or color and embroidery for any item made.

Pillowcases are fun for all kids and can reflect their true personality, hobby or favorites; quite possibly even making bedtime a happy time!

Toy Bags are perfect to hold those little toys like cars, building blocks or doll clothes. Pick up time can be much easier when everything has a place.

How fun is a custom made **Sleeping Bag** for a child's little doll or stuffed animal? Even those special little friends need to be comfy and warm. A small matching pillow can also be included.

A **Tote Bag** sized for the child can be just the perfect bag. Personalized with their name and a favorite print, the child will know that this bag is theirs and only theirs.

Mini Nana Blankies are popular with toddlers. Made in a preferred flannel print, these smaller nana blankies are the perfect smaller security that is easy for little hands to carry.

Children are very special at Satt Cat Bags, and their wishes and needs are as important as the adult client.
