

# Traveling

Satt Cat Bags specializes in custom bags of personal distinction. Keeping personal items organized when **traveling** can be a challenge. Satt Cat Bags can help by storing those personal items safely and securely in individual bags.

A **Sunglasses Bag** is perfect for storing those special shades. With a soft, padded lining, this bag can keep those lenses scratch-free. Personalization then on the outside of course, would be just.....cool.

An **Electronics Bag** is useful when the GPS is not stuck to the windshield. Again with a soft, padded lining, this bag keeps all parts hidden and secure and the screen scratch-free until the next route is planned.

It's easy to keep shoes separated from clothes with a **Shoe Bag**. Personalized by color, fabric or an embroidered monogram, this bag makes traveling not only chic but also keeps everything clean and fresh.

It can be a challenge to keep medications all together when traveling. With a **Prescription Bag**, all medications can be contained in one place for easy retrieval and storage.

Keeping jewelry organized when traveling can be difficult. With a **Jewelry Bag**, organization just got easier. With six separate pockets and a central area, this padded bag keeps all safe and sound.

Dirty clothes can be separated from clean clothes with a **Laundry Bag**. Made out of a heavier twill or denim fabric, this bag handles that load of laundry on the trip or to the laundromat.

For all those travelers who need their own pillow on the road, Satt Cat Bags makes a personalized **Pillow Bag**. With a satiny lining, the pillow slides in and out with ease ready for that next night's sleep.

Traveling with Satt Cat Bags makes organization easy.  
Personal. Custom. Detailed. Satt Cat Bags.
