Fall 2016
Page 1

Happy Five Years! – Unbelievably, this Satt Cat Bags adventure started 5 years ago with the first sale in the fall of 2011. Who would have thought that this vision to create “custom bags of personal distinction” would still be here.....and growing to now include 47 designs and a website! With that said, THANK YOU to everyone because without your support and requests, this dream would still be only a dream. It has been a fun, creative and extremely rewarding journey, so thank you and let's celebrate together! To 5 Years!!

As summer ends, we all think of the weather turning cooler, fall, Halloween, Thanksgiving and the holidays. Here are a few tried and true ideas to get us all in the mood for those events along with some new ideas. And as always, the sooner you send me your thoughts, the easier it is to find just that fabric that you may want; and no, it is not too soon to order for Christmas.

Mini Loaf Bag -

This bag is called a **Mini Loaf Bag** simply because it is sized to hold a mini loaf of your favorite wrapped quick bread. What a great holiday thank-you for a neighbor, coach, teacher or friend; and when the goody that has been inside the bag is gone, the bag can be used to hold whatever the recipient would like. Of course, as with any Satt Cat Bag order, personalization can be achieved by fabric choice, color or embroidery be it their name or a favorite design. Check those names off your list – done!

Winter Favor Bags -

Mitten Bags and **Santa Bags** have been staples during the holidays at Satt Cat Bags since the second year, and this year, we are adding the **Snowman Bag**. This bag is made out of soft, plush buttersuede and embellished with an embroidered face and holly sprig on his hat. All are definitely winter-themed and can hold gift cards, candy, jewelry or any other small gift. The more the merrier for a true impact at your family or holiday gathering and of course, personalization with the recipient's name is always available.

Activity Bag -

Children love to carry....."stuff". And they all have favorite "stuff". Why not organize that "stuff" in an **Activity Bag** personalized with their name and maybe what that "stuff" is that they carry? Organization has never been simpler. This bag has become very popular with the preschooler for cars, trucks, trains, dolls, blocks, animals, books....."stuff". AND when it is made in a Halloween fabric, it could be used for trick-or-treating!

Pillow Bags -

As families travel during the holidays, some may prefer to take their pillows with them providing that bit of comfort from home. All of my kids do just that which was the inspiration for the **Pillow Bag**. With its smooth, satiny lining, the pillow just slides out protected and clean ready for that good night's sleep on the road. And a side note is that it can also double as a laundry bag, either to be used when traveling or at home. This is one bag that is definitely kid tested and *momma satt* approved.

Please be sure to check out the new **Downloads** tab on the Satt Cat Bags website! Three options are now available to view or print consolidated lists of bag ideas for specific categories ~ Weddings, Children and Kitten Bundles (babies). Hopefully by grouping ideas together, it makes shopping quicker and a bit easier for everyone. Enjoy and let me know what you think!

Once again, Satt Cat Bags will be contributing an ornament to the 31st Annual Quad City Arts Festival of Trees fundraiser in November. Join in the fun as we all ring in the holiday season with this year's theme, "Bells will be Ringing"!

This year as in past years, all clients within the fiscal year receive a gift from Satt Cat Bags during the months of November and December in appreciation for their patronage during the previous 12 months. If you were a client this past year, look for your gift and remember, we are celebrating Satt Cat Bags' 5th Anniversary together this year! Cheers and thank YOU!

As we all look toward the next 5 years of fun, please check out more pictures and information on the website - www.sattcatbags.com or contact me direct at lms@sattcatbags.com.

*later,
lms*
