New Year, New Ideas, Same Goals! – As the calendar turns to 2017, we all look to resolutions and ways to improve ourselves. Satt Cat Bags also sets goals each year with the mission remaining the same – to provide custom bags with personal distinction to every client. This year, Satt Cat Bags will be sharing some new designs and new uses for old designs in each of the three upcoming newsletters. Here are some ideas to help make Valentine's Day, Spring and Easter more personal and fun the Satt Cat Bags way! Enjoy!

Conversation Bag -

Everyone is familiar with the Necco® Conversation Heart candies that we all enjoy at Valentine's Day. With those as inspiration, pick your favorite pastel color from the original six colors of the candies (pink, lavender, orange, blue, yellow and green), pick or make up your phrase and let Satt Cat Bags take it from there. Maybe an original phrase like: BE MINE, U GO GIRL, PURR FECT, U R SWEET, TOP DOG or even URAQT or MARRY ME! Fill your **Conversation Bag** with the candy of your choice and Valentine's Day has never been sweeter or more personal.

Duck Bag -

The **Duck Bag** has been created to complement the ever popular Bunny Bag. With its signature orange feet, the Duck Bag can definitely stand up on its own with or without the Bunny Bag. Made of either a soft white or pale yellow flannel and lined in the fabric of your choice, the Duck Bag can be filled with all the goodies of the spring or Easter season. What a great party favor for both children and adults and of course personalization can be done as well. Quack! Quack!

Treat Bag -

With late winter and early spring comes Valentine or ladies luncheons, baby and bridal showers and even March Madness or the Daytona 500. Special **Treat Bags** to enhance your theme would truly give just that detail to set the bar high for your party. Maybe little purse favors for a ladies luncheon; or basic treat bags in the colors of your favorite basketball team or black and white checkerboard bags for all those race fans. Bridal or baby showers can also be coordinated and personalized specific to the theme of the shower.

Pet Bag -

80% of the American population has pets, and pets have stuff. Why not have pet tote bags for your favorite furry, feathered or other type friend? Made to hold that leash or harness, water bottle, collar, brush, favorite toy, or even a blankie, these tote bags can be sized to hold that....stuff. And Satt Cat Bags does not discriminate - doggie bags can come with a bone motif, kitty bags can have fish embroidery or something unique for other pets, too. Of course, Fido, Fluffy or Nemo's name can be added to the outside of the bag for that true personal touch. Drawstring closures are also available in this design.

I have been asked if the little black cat in the Satt Cat Bags logo has a name. Well yes he does! I would like you all to meet Bobbin. Bobbin does resemble Baxter, the real life resident here at the Satt Cat Inn, but Bobbin is more conducive and cooperative to the cutting, fabric piles, designing, and pins and needles of the sewing world. Bobbin is also less maintenance, but don't tell Baxter!

Traveling

Satt Cat Bags is busy preparing another consolidated handout to help travelers with organization. 'Pack your bags' can now take on a whole new meaning! Stay tuned to the 'downloads' link at www.sattcatbags.com.

Satt Cat Bag's most popular bags this last year were:

-  Toy/Activity Bag
-  Pillowcase
-  Tooth Fairy Bag
-  Shoe Bag
-  Personalized Gift Bag

Out and About

Thank you to the Mothers of Preschoolers (MOPS) of Roscoe, IL for the opportunity this past November to share the story and history of Satt Cat Bags. What a creative and energized group of young moms!

Satt Cat Bags was proud to again donate an ornament at the 31st Annual Quad City Arts Festival of Trees this past November and won the "Theme Award" for the Ornament Division. The festival theme for 2016 was "Bells will be Ringing". Satt Cat Bags entry was two bells made out of tan and burgundy moiré with dark green suede accent and coordinating bow. Both bells were embroidered to reflect the theme, year and event and yes, they did actually ring!

It is my absolute pleasure to work for each of my clients. You have challenged me with your requests and inspired me with your ideas. This 5 year dream just continues, and I have everyone around me to thank. And of course, check out more pictures and information at our website - www.sattcatbags.com or contact me direct at lms@sattcatbags.com.

*later,
lms*
