Spring is Here! -- We all start a new year or season with goals or resolutions and at Sitt Cat Bags, we are no different planning business objectives and fabric shopping junkets. The shopping part makes sense when you consider what is involved in creating a bag or bags for an event be it a birthday, a wedding, graduation or a holiday. The more preparation time available usually results in securing the details that you want for your unique and special bag. With that thought, if you have any plans for bags for the spring or summer, we'll get your needs on the next shopping trip in order to give you that perfect bag.

Since we make "custom bags of personal distinction", any bag within our 37 designs can be made to your specifications, but here are a few ideas to help clients get that vision of the more popular bags for that warm weather time of the year:

Corn Hole Bag –

Corn Hole Board Games and Tournaments have become a very popular activity for all ages during the summer. Sitt Cat Bags has not only made personalized bean bags to the specification of the game rules, but also larger bags to hold those 8 bean bags. Any themed fabric can be used to line the bag but a heavier weight fabric is used for the bean bags. Why not coordinate your team, theme or favorite color with your boards? A bag with handles OR drawstring is available.

Laundry Bags –

These bags have become very popular for high school graduation gifts or new babies. The graduate's laundry bag can be personalized with their new college colors and their name. And the new baby laundry bags can be personalized with colors to match the nursery and also an embroidered something along with the new baby's name.

Treat Bags –

June is the #1 month for a wedding closely followed by the month of August, so bridal showers and weddings or even baby showers could be enhanced by personalized treat bags. Treat bags can be embroidered and coordinate specifically to the theme chosen by the bride or mother-to-be. Specify the size and we'll take care of the rest even filling them with your provided favor if you would like.

Sleeping Bags –

Little girls and dolls. Sitt Cat Bags has made sleeping bags for dollies and stuffed animals of all different sizes. With the dimension of that special 'little friend', a sleeping bag can be created in just the right color or pattern and maybe even personalized with a name. Or why not have a girl slumber party and have a little sleeping bag for all the guests' dolls? With mini pillows, even the little friends can be cozy and warm during the sleepover!

Please be sure to look for the 2015 Car Shop Power Trip bag in September with its new design and look to commemorate the 10th year of those participants traveling together. Satt Cat Bags is proud to be a contributor!

Satt Cat Bags was proud to donate an ornament at the 29th Annual Quad City Arts Festival of Trees this past November and won first place as a first time designer in the Ornament Division. Yes, it was a bag, a Santa bag filled with mini ornaments depicting the 2014 theme of "The Most Wonderful Time of the Year".

Having made over 800 bags in less than four years, we are continuing to grow not only in numbers but also in designs. Some projects may be a challenge, but all projects are a pleasure. Our whole goal at Satt Cat Bags is to give you that custom bag with just that personalized touch that is only yours.

Life is good and all in the bag! And of course, check out more pictures and information at our website - www.sattcatbags.com or contact me direct at lms@sattcatbags.com.
